A close-up photograph of two hands shaking in a firm grip, symbolizing a business agreement or partnership. The hands are positioned in the center of the frame. The person on the left is wearing a dark blue suit jacket, and the person on the right is wearing a dark brown suit jacket. The background is a blurred office setting with a wooden desk and some papers. Overlaid on the image are several thin, white, geometric lines that form a series of interconnected triangles and polygons, creating a modern, architectural feel. The text "Superior partner of excellence." is written in a clean, white, sans-serif font across the middle of the image, partially overlapping the hands and the geometric lines.

Superior partner of excellence.

Company Overview

SAFO is an experienced quality and standardization consultancy firm and training organization in Sri Lanka. Our consulting service focuses on our client's most critical business challenges and opportunities to improve the acceptability and marketability of their products/ services and their business through compliance, competency, and industry best practices to thrive in any market competition.

Offering end-to-end solutions in standards and accredited certifications, from consulting, implementation to management best industry practices, we provide bespoke solutions that are tailored to clients' specific needs and objectives. Our distinct combination of consulting, expertise, assurance, and regulatory services strengthens companies, instilling faith in their products, systems, and services, as well as the world we live in to be safe, secure, and sustainable.

We have experience working with organizations of all sizes and industries, and a 100% success rate for certifications. Our experts take a realistic and pragmatic approach to building management systems that work for our clients and allow their businesses to stay miles ahead of the competition.

Vision

To set a new standard in catering to the demands of diverse companies seeking professionalism and excellence in their management systems for quality, safety, sustainability, and efficiency.

Mission

To become the recognized choice that clients turn to for solutions in quality and standards in their businesses in Sri Lanka by delivering excellent consultation services in quality and standardization for continual business growth and success while building our reputation and maintaining honesty, professionalism, and integrity.

Why Us?

CUSTOMER-CENTRED

Develop solutions only that are in the client's best interests, providing sound advice and guidance.

PROFESSIONALISM

Act with courtesy, respect our clients, and maintain confidentiality and transparency in everything we do.

TRUSTWORTHINESS

Ensure reliable service taking accountability for our actions, and meeting deadlines effectively.

EFFECTIVE COMMUNICATION

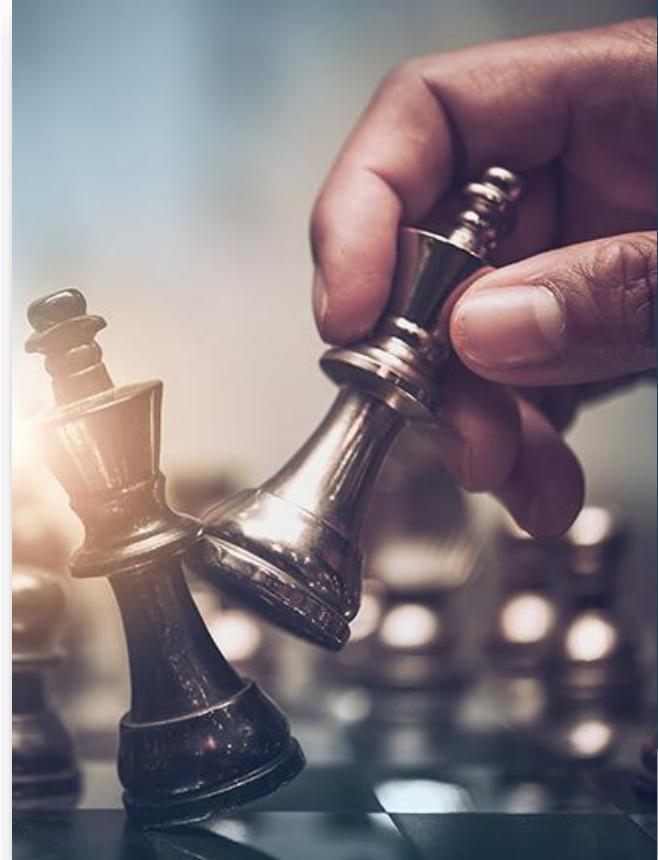

Maintain strong communication with the client and keep them up to date regarding the process of the assignment.

EXPERIENCED TEAM

Our team has experienced lead auditors working for various standards with over 10 years of industry expertise.

Our Capabilities

Organizations of all sizes use standards to compete more successfully, from start-ups to large corporations and governments. Standards are a tried-and-tested method of increasing productivity and effectiveness. They assist companies in improving their performance, reducing risk, and becoming more sustainable, giving the information that organizations require to thrive. Quality certifications and standards are a powerful set of tools to help different areas of a business become more inventive and effective. At SAFO Consultancy, we help our clients with a wide range of standards.

Our Leadership

Mr. Tharindu Herath is the Director and the lead consultant at SAFO consultancy (Pvt) Ltd who leads the team for success with creative thinking and a shared dedication to quality, creativity, and innovation in day-to-day business operations.

His experience as a lead auditor (FSSC 22000 & ISO 9001:2015) with his over 10 years experience in the food manufacturing industry has laid a strong basis for SAFO Consultancy's success as a quality and standardization Consultancy firm in Sri Lanka, with important connections with clients and authorities, the best capabilities, and unrivaled customer service.

He also holds a B.Sc. in Microbiology and M.Sc. in Medical Microbiology and is always looking for ways to expand the business while providing the finest service possible to the clients with his team and respecting the company's core values.

Tharindu Herath

Director/Lead Consultant

Our Team

People are the foundation of business excellence. That is why we employ the finest in the industry and continually train them so that they can train and assist our clients – and help them make greatness a habit in their business.

They possess the knowledge and industry expertise and are committed to ensuring 100% satisfaction, just as we are. Our team is friendly and professional and always takes time to understand the client's requirements and goals and analyze everything to find the fastest, most cost-effective, and efficient route to help them achieve their desired goals.

Our team comprises expert professionals in the industry who has over 10 years of experience. All our lead auditors are internationally recognized and have knowledge working in many organizations.

Our Clients

Our client list speaks for itself. Since our incorporation, we've worked with many organizations across many industries, from start-ups to leading multinational conglomerates in Sri Lanka, securing a reputation for service excellence.

We believe that the greatest and most effective partnerships are synergistic and goal-oriented, and a long-term connection adds the value of extensive industry and business expertise and relationships. Thus, we always strive to provide tailor-made, simple, and cost-effective consultation and certification services to eliminate the stress and most of the needless cost out of the certification process.
